Peter Jarvis, President
Triar Seafood
Hollywood, Florida

January 19, 2010

Dear Peter:

I have been purchasing seafood from Triar for the past 8 years. During this time I have always been pleased with both the quality and variety of fresh fish and seafood offered by your company. I am confident that when I place an order with Triar I will be receiving exactly what I ordered and the quality will be without fail far superior to any product offered by your competitors. I also appreciate your vast knowledge of the large variety you sell, and your ability to deliver it to my door as promised and on time. Most importantly I know that the product I am buying from Triar is the best I can possibly provide for our membership at Forsyth Country Club. Many of our 1000 members and their families travel and dine at the finest restaurants and resorts around, and I receive numerous comments on the freshness of our fish and seafood dishes. As any chef knows you have to start with a good product to end with a good dish. With Triar I am starting with an excellent product and ending with an excellent dish.

Sincerely,

Michael Mort CEC
Executive Chef
